

Join the Dext Payments Beta Programme

We'd love to hear your opinion. That's why **we're inviting you to join the Dext Payments beta programme** alongside your accountant.

What is a beta programme?

A beta programme is an important phase in the **product development process**, where a nearly complete version of the product, known as the beta version, is **available to a limited audience to test**.

We want to ensure that Dext Payments meets the needs of our customers. That's why our **beta programme goal is to gather feedback to make improvements** and enhancements to the product before launch.

What will the beta programme involve?

- **Setting up Dext payments** within your Dext account.
- **Paying supplier invoices** from Dext using Dext Payments.
- **Share your feedback** with your accountant and via short surveys sent by the Dext team.

What are the beta programme benefits?

You'll have the chance to:

- **Get early access to Dext Payments:** Be amongst the first to try Dext Payments, with support from your accountant and the Dext team.
- **Influence product development:** Your insights and feedback will help us shape the product further, to better meet your needs.
- **Access dedicated support:** Get the most out of the beta experience with dedicated support.

What is Dext Payments?

Dext Payments is a new, fully integrated payments solution within Dext. With the Beta version of the product you'll be able to **pay supplier invoices directly from Dext**. You'll be able to:

- **Simplify the entire payment process** in one place; batch, approve, pay, and reconcile, without switching tools or juggling platforms. Reducing errors and manual effort.
- **Set up fast, secure payment approvals** within your business.
- **Pay with confidence** every time with added security measures that flag risk such as changes in supplier bank details or unusual payment activity.
- **See a full audit trail:** Every bank update and approval action is automatically tracked, giving you full transparency.
- **Auto-reconcile** with Xero accounting software.

What support will be provided?

Dext will **fully support** you before and during the beta programme. We'll provide guidance on how to set up and use Dext Payments and a **Dext expert will be available** to you and your accountant if needed throughout the programme.
